## Summary of Legislation

---

The bill designates emergency medical services (EMS), including ambulance and air ambulance services, an essential service in the state. It also clarifies that off-duty EMS providers are not obligated to respond to medical emergencies.

## State Expenditures

---

The bill minimally increases workload in the Department of Public Health and Environment to update EMS standards and provider scope of practice. Given the limited scope of these changes, it is assumed this workload and any costs can be accomplished within existing resources and no change in appropriations is required.

## Effective Date

---

The bill was signed into law by the Governor on May 5, 2026, and takes effect August 12, 2026, assuming no referendum petition is filed.
