

SUCCESSFUL COLLABORATION WHEEL

When to collaborate?

The general rule is that law enforcement agencies or personnel should engage in collaboration with other organizations or individuals when stakeholders have a common, long-term goal; are committed to working together as a team; and cannot achieve the goal more efficiently as independent entities. Not all law enforcement relationships must be collaborative, nor should they strive to be. Under some circumstances, it may be appropriate for law enforcement personnel just to establish a good communication plan. Under other circumstances, cooperation between two individuals may be sufficient. Perhaps coordination between two agencies to avoid duplication of effort is all that is required. Collaboration is, however, critical for many community policing endeavors.

COMMUNITY ACCOUNTABILITY WHEEL

This wheel *begins* to demonstrate the ideal community response to the issue of domestic violence. Community opinion, which strongly states that battering is unacceptable, leads all of our social institutions to expect full accountability from the batterer by applying appropriate consequences. This wheel was developed by Mike Jackson and David Garvin of the Domestic Violence Institute of Michigan (P.O. Box 130107, Ann Arbor, MI 48113, tel: 313.769.6334).

Inspired and adapted from the "Power & Control Equality Wheels" developed by:
Domestic Abuse Intervention Project

20th JUDICIAL DISTRICT DOMESTIC VIOLENCE LETHALITY ASSESSMENT FOR LAW ENFORCEMENT

When to Initiate a Lethality Assessment? When an intimate relationship is involved AND you believe a crime has occurred; or you sense the potential for danger is high; or the location and names of involved parties are **repeats from prior calls**; or you simply believe one should be done given the circumstances (you believe the victim is in danger).

Officer Name	Employee #	Case Report #
Victim	Offender	Charge Level <input type="checkbox"/> Felony <input type="checkbox"/> Misdemeanor <input type="checkbox"/> No Charges
<input type="checkbox"/> The victim has been informed that while the primary purpose for the following questions is to evaluate the victim's risk of danger, the victim's responses could still potentially be used to assist in any arrests or prosecutions relating to the mentioned crimes.		

A "Yes" response to any Questions #1-3 automatically triggers the protocol referral.		
1. Have they ever used a weapon against you or threatened you with a weapon?	<input type="checkbox"/> Yes	<input type="checkbox"/> No <input type="checkbox"/> No Answ.
2. Have they threatened to kill you or your children?	<input type="checkbox"/> Yes	<input type="checkbox"/> No <input type="checkbox"/> No Answ.
3. Do you think they might try to kill you?	<input type="checkbox"/> Yes	<input type="checkbox"/> No <input type="checkbox"/> No Answ.
Negative responses to Questions #1-3, but positive responses to at least four of the questions #4-11, trigger the protocol referral.		
4. Do they have a gun or can they get one easily?	<input type="checkbox"/> Yes	<input type="checkbox"/> No <input type="checkbox"/> No Answ.
5. Have they ever tried to choke you?	<input type="checkbox"/> Yes	<input type="checkbox"/> No <input type="checkbox"/> No Answ.
6. Are they violently or constantly jealous, or do they control most of your daily activities?	<input type="checkbox"/> Yes	<input type="checkbox"/> No <input type="checkbox"/> No Answ.
7. Have you left them or separated after living together or being married?	<input type="checkbox"/> Yes	<input type="checkbox"/> No <input type="checkbox"/> No Answ.
8. Are they unemployed?	<input type="checkbox"/> Yes	<input type="checkbox"/> No <input type="checkbox"/> No Answ.
9. Have they ever tried to kill themselves?	<input type="checkbox"/> Yes	<input type="checkbox"/> No <input type="checkbox"/> No Answ.
10. Do you have a child that they know is not theirs?	<input type="checkbox"/> Yes	<input type="checkbox"/> No <input type="checkbox"/> No Answ.
11. Do they follow or spy on you or leave threatening messages?	<input type="checkbox"/> Yes	<input type="checkbox"/> No <input type="checkbox"/> No Answ.
An officer may trigger the protocol referral, if not already triggered above, as a result of the victim's response to the below question, or whenever the officer believes the victim is in a potentially lethal situation.		
Is there anything else that worries you about your safety? (If "yes") What worries you?		
<input type="checkbox"/> Victim screened in via protocol <input type="checkbox"/> Victim screened in via officer discretion <input type="checkbox"/> Victim did not screen in	If the victim screens in, CALL THE LAP-LINE with victim: <input type="checkbox"/> Officer called the LAP-Line with victim present Date _____	
If the victim screened in, did the victim speak with the LAP-Line call taker? <input type="checkbox"/> Yes <input type="checkbox"/> No If YES, which community provider did they speak with? Safe Shelter of St. Vrain Valley <input type="checkbox"/> Safehouse Progressive Alliance for Nonviolence <input type="checkbox"/> CU Boulder Office of Victim Assistance <input type="checkbox"/>		

Safe Shelter of St. Vrain Valley: 720-759-8300 Safehouse Progressive Alliance for Nonviolence 303-444-2424
 CU Boulder Office of Victim Assistance: 303-492-8855

Note: The questions above and the criteria for determining the level of risk a person faces are based on the best available research on factors associated with lethal violence by a current or former intimate partner. However, each situation may present unique factors that influence risk for lethal violence that are not captured by this screen. Although most victims who screen "positive" or "high danger" would not be expected to be killed, these victims face much higher risk than that of other victims of intimate partner violence.
